Not later than the 20th day of November, the Clerk of the County Legislature shall cause to be published in the official newspaper and such other newspapers as may be designated by the County Legislature, a notice of the place and time, not less than seven(7) days after such publication nor later than the 1st day of December, at which time the County Legislature will hold a public hearing on the proposed budget, the capital program, the budget message submitted by the County Executive, and any report, if submitted, by the County Legislature or a committee designated by that body.

Section 507. Adoption of Budget.

(a) After the conclusion of the public hearing, the County Legislature may strike items of appropriation or anticipated revenues from the tentative budget or reduce items therein, excepting appropriations required by law or for debt service. It may change items in such budget, provided that such changes are stated separately and distinctly.

(b) If the budget, as submitted by the County Executive, is adopted by resolution of the County Legislature with no changes, such budget shall be deemed to have been adopted without any further action by the County Executive. If, however, the budget as passed by the County Legislature contains any changes, the same shall be presented by the Clerk of the County Legislature to the County Executive not later than the 7th day December for his examination and consideration. If the County Executive approves all the changes, he shall affix his signature to a statement to the Clerk of the County Legislature, and the budget, including the changes as part thereof, shall then be deemed to be adopted.

(c) If the budget, with any changes, is not returned by the County Executive to the Clerk of the County Legislature with his objections on or before the 9th day of December, it shall be deemed adopted.

(d) If the County Executive objects to any one or more of the changes, he shall append to the budget a statement of the changes to which he objects, setting forth his reasons therefore, and shall, not later than the 9th day of December, return the budget with his objections to the Clerk of the County Legislature, who shall present the same to the County Legislature at a meeting to be held not later than the 13 day of December. The County Legislature shall thereupon enter the objections upon its journal, and proceed to reconsider the changes to which objections is made by the County Executive. If upon such
reconsideration, three-fifths of the whole number of members of the County Legislature vote to approve such change or any of them, the budget, with the changes approved, together with any changes not so objected by the County Executive, shall be deemed adopted. If the board fails to act on or override such objections by said three-fifths vote, on or before the 15th day of December, the objection shall become final and deemed adopted without the changes objected to by the County Executive.

(e) If a budget has not been adopted as herein provided on or before the 15th day of December, then the proposed budget as submitted by the County Executive, plus all changes as to which he has failed to object, shall be the budget for the ensuing fiscal year.

(f) If any limitation date mentioned in this Article falls on a holiday, Saturday, or Sunday, then any time limitations required herein shall be extended to the next business day of the County.

(g) Four (4) copies of the budget adopted shall be certified by the County Executive and by the Clerk of the County Legislature, and one each of such copies shall be filed in the office of the County Executive, the County Treasurer, the Clerk of the County Legislature, and the Department of Audit and Control, State of New York. The budget as so certified shall be printed or otherwise reproduced and copies shall be made available.

Section 508. Levy of Taxes; Inclusion of Reserve for Uncollected Taxes. The net County tax requirement determined by subtracting the total estimated revenues for the total proposed expenditures as set forth in the adopted budget, shall be levied in advance by the County Legislature on the taxable real property of the several tax districts of the County. The taxes so levied shall include an amount to be known as “reserve for uncollected taxes”, which shall be a County charge. The County Legislature shall fix the amount of such a sum as they may deem sufficient to produce in cash form the collection of estimated expenditures of such year, provide, however, that such reserve for uncollected taxes shall be not less than the face amount of unpaid taxes for the preceding completed fiscal year.

The amount of all taxes, special ad valorem levies and special assessments levied upon any parcel of real property by the County Legislature shall, except as otherwise expressly provided by law, be and become a lien thereon as of the first day of January of the fiscal year for which levied and shall remain a lien until paid.

Section 509. Appropriations; Supplemental and Emergency. If during any fiscal year there are available for appropriation (1) revenues received from sources not anticipated in the budget for that year, or (2) revenues received from anticipated sources but in excess of the budget estimates thereof, the County Legislature may make
supplemental appropriations for the year not in excess, however, of such additional revenues.

To meet a public emergency affecting life, health, or property, the County Legislature may make emergency appropriations. To the extent that there are not available unappropriated revenues to meet such appropriations, the County Legislature may authorize the issuance of obligations pursuant to the Local Finance Law.

Section 510. Appropriations; Reduction and Transfer After Budget Adoption. If at any time during the fiscal year it appears that the revenues available will be insufficient to meet the amounts appropriated, the County Executive shall report to the County Legislature without delay the estimated amount of the deficit, remedial action taken by him, and his recommendations as it deems necessary to prevent or minimize any deficit. For that purpose it may by resolution reduce one or more appropriations; but no appropriations for debt service may be reduced, and no appropriation may be reduced by more than the unencumbered balance thereof, or below any amount required by law to be appropriated. The board may also, if it so desires, borrow temporarily pursuant to the Local Finance Law in any amount not greater than such deficit for such purpose.

The County Executive may at any time during the fiscal year transfer part or all of any unencumbered appropriation balance between classifications or expenditures within the same administrative unit. Provided that prior approval by resolution of the County Legislature shall be required if the proposed transfer would affect any salary or salary total.

If the County Executive requests in writing, the County Legislature by resolution effective immediately may transfer part or all of any unencumbered appropriation balance from one County administrative unit to another, or a contingent fund to any administrative unit, provided, however, that no such transfer shall be made from appropriations for debt service, and no appropriation may be reduced below any amount required by law to be appropriated.

Section 511. Certain Obligations and Payments Prohibited. No payment shall be authorized or made and no obligation incurred against the County except in accordance with appropriations duly made, or except as permitted otherwise by the Local Finance Law, provided that this shall not be constructed to prevent contracting for capital improvements to be financed by borrowing, or entering into any lawful contract or lease providing for the payment of funds beyond the end of the current fiscal year.

Section 512. Performance of Acts; Scheduling. Whenever the scheduling of the performance of an act shall be fixed by this Article, the same may be changed by the Administrative Code or an amendment thereof.
