CONTROL OVER COMPLIANCE AND ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

To the Members of the County Legislature
County of Chemung - State of New York
Elmira, New York

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the County of Chemung - State of New York's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the County of Chemung - State of New York's major federal programs for the year ended December 31, 2022. The County of Chemung - State of New York's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. We did not audit the financial statements of the Chemung County Nursing Facility, which is both a major fund and 13 percent, 2 percent and 69 percent, respectively, of the assets, net position, and revenues of the business-type activities. We did not audit the financial statements of the Chemung County Soil and Water Conservation District, which is 13 percent, 14 percent and 32 percent, respectively, of the assets, net position, and revenues of discretely presented component units. We did not audit the financial statements of the Chemung County Industrial Development Agency, which is 87 percent, 86 percent and 68 percent, respectively, of the assets, net position, and revenues of discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Chemung County Nursing Facility, the Chemung County Soil and Water Conservation District and Chemung County Industrial Development Agency, is based solely on the reports of the other auditors.

In our opinion, the County of Chemung - State of New York complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the County of Chemung - State of New York and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County of Chemung - State of New York's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County of Chemung - State of New York's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County of Chemung - State of New York's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County of Chemung - State of New York's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County of Chemung - State of New York's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County of Chemung - State of New York's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County of Chemung - State of New York's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated September 21, 2023, which contained unmodified opinions on those financial statements. We did not audit the financial statements of the Chemung County Nursing Facility, which is both a major fund and 13 percent, 2 percent and 69 percent, respectively, of the assets, net position, and revenues of the business-type activities. We did not audit the financial statements of the Chemung County Soil and Water Conservation District, which is 13 percent, 14 percent and 32 percent, respectively, of the assets, net position, and revenues of discretely presented component units. We did not audit the financial statements of the Chemung County Industrial Development Agency, which is 87 percent, 86 percent and 68 percent, respectively, of the assets, net position, and revenues of discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Chemung County Nursing Facility, the Chemung County Soil and Water Conservation District and Chemung County Industrial Development Agency, is based solely on the reports of the other auditors. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the County Legislature
County of Chemung - State of New York
Elmira, New York

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Chemung - State of New York (the "County"), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated September 21, 2023. Our report includes a reference to other auditors who audited the financial statements of the Chemung County Soil and Water Conservation District, Chemung County Industrial Development Agency and the Chemung County Nursing Facility, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by the auditors of the Chemung County Soil and Water Conservation District and by the auditors of the Chemung County Industrial Development Agency. The financial statements of the Chemung County Nursing Facility were not audited in accordance with *Government Auditing Standards*.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County of Chemung - State of New York's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Chemung - State of New York's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

COUNTY OF CHEMUNG - STATE OF NEW YORK
Notes to Schedule of Expenditures of Federal Awards
For the Year Ended December 31, 2022

Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") presents the activity of all federal financial assistance programs of the County of Chemung - State of New York (the "County"). The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The County's reporting entity is defined in the notes to the County's financial statements. All federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies are included on the Schedule.

The amounts reported as federal expenditures generally were obtained from federal financial reports for the applicable program and period. The amounts reported in these federal financial reports are prepared from records maintained for each program. These records are periodically reconciled to the general ledger which is the source of the general purpose financial statements.

During the year ended December 31, 2022, the County received funds from the following pass-through entities which are identifiable in the accompanying schedule as:

- New York State Office of Children and Family Services (NYS OCFS)
- New York State Office of Temporary and Disability Assistance (NYS OTDA)
- New York State Department of Health (NYS DOH)
- New York State Department of Transportation (NYS DOT)
- New York State Office of Emergency Management (NYS OEM)
- New York State Division of Homeland Security and Emergency Services (NYS DHSES)
- New York State Office of Mental Health (NYS OMH)
- New York State Office for the Aging (NYS OFA)
- New York State Office of Community Renewal (NYS OCR)
- New York State Division of Criminal Justice Services (NYS DCJS)
- Health Research Incorporated

Unless noted above, all other funding reported on the schedule of expenditures of federal awards was received directly from the noted federal agency.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting, which is described in the notes to the County's financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. In certain cases, the County uses an approved indirect cost allocation rate prepared by a third party, otherwise the County has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 3. Fair Value of Noncash Awards

Included in the amount reported for Assistance Listing No. 10.557, Special Supplemental Nutrition Program for Women, Infants and Children, is \$1,375,365 for the fair market value of the redeemed food instrument issuances. A food instrument is an electronic benefits transfer card (EBT) produced through the New York State WIC Statewide Information System that is issued to WIC participants and may be redeemed to obtain WIC approved foods/formula from authorized vendors. Included in the amount reported for Assistance Listing No. 93.568, Low-Income Home Energy Assistance, are payments to utility vendors for \$5,581,425. These payments are issued directly from the New York State Office of the State Comptroller. The payments are processed through the State-wide Financial System.

2021-001 - Federal Transit Cluster - Federal Transit - Formula Grants - Assistance Listing No. 20.507; Grant No. NY-2020-027 and Grant No. NY-2020-034; Grant Period - For the year ended December 31, 2021

Condition: The subrecipient monitoring activities performed were not adequately documented and were not consistent with the risk assessment performed by the County.

Recommendation: We recommend the County's current risk assessment of the subrecipient be reviewed and revised as appropriate. We recommend this risk assessment be strictly followed going forward and that all parties involved in the federal program be trained on the requirements. This review should be systematic and fully documented in order to substantiate the steps taken.

Current Status: The County has determined the contract in place to provide transit services is a vendor relationship and not a subrecipient. Therefore subrecipient monitoring is no longer required and this finding is considered resolved.
