Excused: Christina Sirois, Jennifer Emery, Kellie Traugott-Knoll

Minutes:

Approved without changes.

Introductions:

Suicide Prevention Updates – Brian Hart:

➢ Shannon’s Replacement: The SPOA Coordinator will be taking on some of the duties such as coordinating trainings, and attending health fairs as well as Coordinating the Walk. The regional trainers will do safeTALK, ASIST and Suicide Safety for Teachers Trainings. We do need a QPR Trainer. Brian does a lot for the Registration for the Walk, and his Deputy Commissioner Tina O'Herron will be doing data entry into the spreadsheet at the Walk.

➢ Updates for 2020: The Committee met last week. They chose the color of the t-shirts for the 15th Anniversary of the Walk. The pricing was more expensive this year: $19,000.00 for 1600 shirts. They spoke with the YWCA and they are on board with allowing us to set up t-shirt distribution day there on April 30, 2020 7am to 7pm. They are looking for volunteers to assist them on this day. Application and check are ready for submission January 2, 2020 to secure Eldridge Park for Saturday May 2, 2020 for the Walk. They spoke with Rocky from On-A-Roll and they will be doing the food for the event. Vitamin L will be coming back again. Brian contacted Park Outdoor for Billboard Advancement to see if they would rent space for only one month instead of six months. He has not heard back from them. The Committee did not finalize the 2020 Budget yet, they will do this in their January 2020 meeting. They have a lot of money and Brian has been spending some of it on orders for marketing materials. Brian will be sending out an email to all Executive Directors/CEO’s of Agencies in the area, letting them know they will be in need for volunteers for T-Shirt folding day (sometime in Late February or early March), T-Shirt Distribution Day (Thursday before the Walk), The Walk Event, as well as the day they will be planting flowers at Eldridge Park.

Director of Community Services report - Brian Hart:

➢ Regional Crisis Residence: The State announced that there is $4 Million available in capital funds to be slit up for 30 units (Adults) in western NY (from here to Monroe County). No one knows what the rate will be or if it’s billable.
Expense wise, not sure if anyone will jump at this due to the rates not being established. To get the due date for the application, and more details on the requirements, you need to go to the website.

Sharing by Community Members:

**Glove House** – They were supposed to be here for a presentation on OLP Support Services, CPST, and PSR services EZ-PAR. Brian hopes that they show for the CSB meeting, and do their presentation. Brian stated that they need to establish a need and present it to the local LGU per Title-14. He said he received a request for a letter of support from Glove House. He is wanting to hear more before doing any letter of support. We need to make sure we are not duplicating services and/or creating something that is not needed. For the past 6-9 months providers have been submitting applications for funding without the local LGU’s approval. Brian will not approve unless the law (Title-14) is followed. This EZ-PAR has something to do with a New Waiver Type Service for children. Brian is not sure what it means.

State Agencies with funding available are not reminding providers, who are applying for theses available funds, that they need to follow Title-14, and are purposely bypassing it.

The next meeting is scheduled for January 15, 2020.
