Comments

No violation observed during time of field visit. Field visit conducted in response to facility informing CCHD that ancillary system had been set off during electrical maintenance. During field visit, observed stove, the hood, and the vent covers cleaned and sanitized. Vent covers were to be reinstalled later in the day. Facility also to wash, rinse, and sanitize cooling rack with racks that had been affected by the discharge of the ancillary system. Facility was cooking chili on stove top during field visit. Discussed placing lid on pot until vent covers have been replaced. Observed inspection tag on ancillary system with date of January 2018.
