Additional Information Collected During Inspection

Comments: No violations observed. Advised staff to use available thermocouple to ensure cook, hot holding temperatures of commercially prepared meatballs (140F or greater), and cold holding temperature of sliced American cheese (45F or less). Discussed with operator that facility will not cool any leftovers, and will discard any hot held foods after service. Advised staff to wash hands for 20 seconds or longer, using warm water, soap and paper towels. Hand washing is to occur whenever hands are contaminated and in between glove changes. Staff to wear gloves or use utensils to eliminate barehand contact with ready to eat food items. Utensils are to be stored in temperature controlled food (45F or less, 140F or greater) with handle away from food. Advised staff to use sanitizer (quaternary ammonia) test strips to ensure sanitizer in wiping cloth buckets remains at 200 ppm. Discussed with operator to develop ill worker policy. Workers should not be in kitchen or preparing foods if exhibiting nausea, vomiting, diarrhea, or yellowing of the eyes.
